1. The patient understands and agrees to allow this office to use their Patient Health Information (PHI) for the purpose of treatment, payment, healthcare operations, and coordination of care. As an example, the patient agrees to allow this office to submit requested (PHI) to the Health Insurance Company (or companies) provided to us by the patient for the purpose of patient reimbursement. Be assured that this office will limit the release of all (PHI) to the minimum needed for what the insurance companies require for payment.

3. A patient's written consent need only be obtained one time for all subsequent care given the patient in this office.
4. The patient may provide a written request to revoke consent at any time during care. This would not affect the use of those records for the care given prior to the written request to revoke consent but would apply to any care given after the request has been presented.
5. For your security and right to privacy, all staff has been trained in the area of patient record privacy and a privacy official has been designated to enforce those procedures in our office. We have taken all precautions that are known by this office to assure that your records are not readily available to those who do not need them.
6. Patients have the right to file a formal complaint with our privacy official about any possible violations of these policies and procedures.
7. If the patient refuses to sign this consent for the purpose of treatment, payment and health care operations, our office has the right to refuse to give care.
